# ABOUT GROUP AND BRANDS DHAROHAR

We started our Journey in 2019 with a vision to make an transforming impact in agriculture society. We observed the problems and issues of basic Agriculture System.

We address challenge of farming in typical rural areas and starts working to finding the solutions of there issues from grass-roots level. At first we marked the challenges of farmers which are stopping them to uplift their farming culture. After this we address the problems of whole retail channel which are forcing them to stuck in traditional business practices, which are totally outdated and have a lower financial statics. Then we acknowledge the network across the country and found that we are in a huge trouble in terms of productions of core fertilizers and distribution statics across the country. We collected all these facts and issues by working with farmer, retailer and traders communities of multiple geographical areas. After all of these observation we stabilised the organisation Phoenix Plants Lifesaver Pvt. Ltd. with a vision to make a transforming and developing impact in this Agriculture Society.

We developed a Unique range of products and services in core fertilizers segment under the FCO guideline of Indian Government. We Spread our services in various geographical areas and found that our concept and services can make huge impact. Now we are fulfilling a major part of core fertilizers needed in northern India and we are committed to make continues improvement in our products and services through our research & developed division which are equipped with most modern experimental facility. We are looking forward to developed more qualified quality control management to established our strict adherence to all the quality norms to deliver quality products and services. We are thankful to get a chance to serve the foundation society of human being and we make a promise to give a faithful, uplifting and sustainable service to the National Agriculture Society.

शुद्धता एवं समृद्धि का प्रतीक...!

## MISSION AND VISION

We are going to transform the whole service channel of chemical fertilizers in Indian Agriculture system.

Which is running from decades on same patterns and terminology. Our Missions is to provide the quality and productivity to the farmers with our products and services without challenging their believes, with delivering faith and internal business opportunities to whole established service channel, which they deserve and never get before this due to current service system.

We are committed to change the statistics and reliability on imported chemical fertilizers and stabilised an made in India service systems under the norms and approach of FCO and Indian Government. Which will express our passion towards transforming this Agriculture system in INDIA.

## PRODUCTION FACILITY

शुद्धता एवं समृद्धि का प्रतीक...!

Phoenix Plants Lifesaver Pvt. Ltd. has a state-of-the-art manufacturing facility at a very strategic location in the country. PPL manufacturing plant is one of the largest Formulation facilities in Northern India. Which is fully automated with a well-defined quality control system.

## ADDRESS OF UNIT

### UNIT

WH No. 12, RELHAN AND BHATIA INDUSTRIAL WAREHOUSING AND LOGISTIC PARK, BAPOLI ROAD, VILLAGE-RASLAPUR, TEHSIL-BAPOLI, PANIPAT (HARYANA) 132103 INDIA

**Production Capacity : 50,000 liters/day, 600 metric ton/day**

## PRESENCE ACROSS INDIA

**Phoenix Plants Lifesaver Pvt Ltd. is currently giving its services in (8) states of INDIA.**

Phoenix Plants Lifesaver Pvt. Ltd. has distribution stations in (189) cities across (8) states currently. Our Product and Services are currently available over (5500) retail services centres, and many farmers service co-operate stations with this expansion we have provided over services to over 15 Lakhs farmers in past years. We are expanding really quickly to very part of nation and willing to even go abroad in upcoming years.

Our vision is to expand to every rural area farmer of INDIA by 2025.

# PRIMARY FERTILIZERS

शुद्धता एवं समृद्धि का प्रतीक...!

**MONO-NPK**  
**(18:28:10)**  
Rock Phosphate  
Fertilizer

**BHARAT POTASH**  
Potash (20%)  
Sulphur (1.5%)

**PHINO - POTASH**  
Potash Derived  
From Molasses

**MONO SSP**  
Single Super  
Phosphate

**MONO SSP+**  
Single Super  
Phosphate with  
Zinc and Boron

**MONO  
UREA  
PLUS**

**PHINO - PROM**  
Phosphate Rich  
Organic Manure

**PHINO-CAL**  
Ca-23% , S-18%  
Mg- .07% &  
B - .05%

## MONO-NPK (18:28:10)

**Technical** : Rock Phosphate Fertilizer

**Packing** : 50 Kg Bag

**Source** : Made in India

**USPs** :

- Mono-NPK fixes the Phosphorus and Potassium content in the soil and highly effective in soils with leaching condition .
- Improves bearing of flowers and fruits and improves quality.
- Mono-NPK increase the production of crops upto 15 %.
- Its control water stress during the fruit maturation phase can increases sugar concentration , Flavour and colour development .
- Silicon, Calcium & Magnesium Increases biomass , Plant canopy & Soil health. Improves modulation in legume crops. Improved flower bloom & Vegetative growth. Especially beneficial for water logged conditions.

**Dosage** : 50 kg /Acre ( Soil )

## BHARAT – POTASH

**Technical** : Potash - 20 % | Sulphur - 1.5 %

**Packing** : 50 Kg

**Source** : Made in India .

**USPs** :

- Essential nutrients for all crops & helps to regulate the water in a plant as well as synthesizing plant sugars for use as food.
- Helps intake and movement of nutrients around the plant.
- Improves grain filling and grain quality in cereal crops
- Strengthens the root and plant system.
- Responsible for crop formulation and quality.
- Helps to protect plants from diseases and pests.
- Improved shelf life of the produce.
- Its contain sulphur with K<sub>2</sub>O that's why Bharat Potash also react like fungicide in soil and also increase the xylem and phloem circulation in the plants .

**Dosage** : 50 kg / Acre ( Soil )

## PHINO – POTASH (Potash Derived From Molasses)

**Technical** : Water Soluble Potassium K<sub>2</sub>O - 14.5 %

**Packing** : 50 Kg

**Source** : Made in India

**USPs** :

- Potash Derived from Molasses increase the Fertility of soil & maintain Moisture for long time .
- It increase availability of Nutrients by providing mobility to organic potash and other elements and also help to increase the crop maturity grain size and luster.
- It increase root growth and improves drought resistance and balance electric changes in various parts of cells.

**Dosage** : 50 Kg / Acre ( Soil )

## MONO SSP (Single Super Phosphate)

**Technical** : Phosphorus -16 % | Sulphur - 11 % | Calcium - 21 %

**Packing** : 50 Kg

**Source** : Made in India .

**USPs** :

- Increases nutrient use efficiency, hence reduces costs on fertilizers
- Reduces flower drop and increases fruit setting
- Increases oil content in oil seed crops, hence higher market price
- Reduces pest incidence, hence reduces pest control costs
- Improves crop quality and yield, hence increases income for the farmers

**Dosage** : 50 kg / Acre ( Soil )

## MONO SSP<sup>+</sup> (Single Super Phosphate with Zinc & Boron)

**Technical** : Phosphorus -16 % | Sulphur - 11 % | Calcium - 21 %  
with Zinc and Boron .

**Packing** : 50 Kg

**Source** : Made in India .

**USPs** :

- Increases nutrient use efficiency, hence reduces costs on fertilizers
- Reduces flower drop and increases fruit setting
- Increases oil content in oil seed crops, hence higher market price
- Reduces pest incidence, hence reduces pest control costs
- Improves crop quality and yield, hence increases income for the farmers
- Zinc and Boron fulfil the requirement of micronutrients and enhance the maturity of crop .

**Dosage** : 50 kg / Acre ( Soil )

**MONO UREA - PLUS**

**Technical** : Imported, Urea Ammonium Nitrate -32% Nitrogen  
(Slow Release Liquid Nitrogen Fertilizer)

**Packing** : 500 ml

**Source** : Made in India

**USPs** :

- Boost the productivity during vegetative stage.
- Enhances fruit size, Taste & shelf life. Improves quantity and quality of oil in oilseeds.
- Resistance against drought, frost & diseases.
- More fruits gain formation with quick ripening.

**Dosage** : 500 ml / Acre (Foliar)

**PHINO – PROM (Phosphate Rich Organic Manure)**

**Technical** : Phosphorus - 8% | Organic Carbon - 10 %  
C/N ratio ( 20 : 1 )

**Packing** : 50 kg Bag

**Source** : Made in India

**USPs** :

- Prom is a Phosphatic fertilizer enriched with micronutrients such as copper, zinc & cobalt.
- Effective even on hard & heavy black Soil .
- It acts as basic nutritional food for soil when sowing and Improves the soil structure .

**Dosage** : 50 kg / Acre ( Soil )

**PHINO – CAL**

**Technical** : Calcium - 70% | Sulphur -13% | Magnesium - 0.07% with boron (.05 % )

**Packaging** : 25 Kg

**Source** : Made in India

**USPs** :

- Activate enzyme action in Plants, maintain pH level, metabolize nitrogen, increase trilling in crops & help crops to protect in typical weather situations.
- Increase size, maintain shape and quantity of produce.
- Effective for improving flower & fruit retention . Boosts Nodulation in legume crops.
- All three nutrients are in form of sulphate which is highly effective then nitric form of calcium and Phino - Cal stops the 80 % leaching of nitrogen in soil .
- It stop the blast stage in all crop during maturity stage .

**Dosage** : 25 Kg / Acre ( Soil )

शुद्धता एवं समृद्धि का प्रतीक...!

## ZINC SULPHATE MONOHYDRATE

**Technical** : Zinc- (33%) and Sulphur -(15%) ( Crystal and Granular )

**Packing** : 500 gm, 1 kg, 5 Kg & 10 Kg

**Source** : Made in India

**USPs** :

- It increases crop yields .
- It regulates pH degree in soil.
- It helps leaf to get green colour at early stage and increase in fruit yields .
- Increase the durability of the plant against cold weather .

**Dosage** : 4 kg / Acre ( Soil )

2 -2.5 gm / Litre ( Foliar )

## SULPHUR -90%

**Technical** : WDG Sulphur - (90%) Powder

**Packing** : 1 Kg & 3 kg

**Source** : Made in India

**USPs** :

- Increases biomass , Plant canopy & Soil health .
- Improves modulation in legume crops.
- Especially beneficial for water logged conditions .

**Dosage** : 4 Gm / Litre ( Foliar )

3 kg / Acre ( Soil )

## BENTONITE SULPHUR

**Technical** : Sulphur - 90% and Bentonite -10%

**Packing** : 5 Kg & 10 kg

**Source** : Made in India

**USPs** :

- Increases oil percentage in Oilseed crops.
- Maintains taste and odour of Produce Increases milling and baking quality of wheat.

**Dosage** : 10 -20 kg /acre ( Soil )

**MAGNESIUM SULPHATE**

**Technical** : Magnesium - (9.5%) and Sulphur-(12%) (Crystal/Granular)

**Packing** : 1 Kg , 5kg , 10 kg & 25 kg

**Source** : Made in India

**USPs** :

- Improved flower bloom & Vegetative growth .
- Enhances the flavour of fruits & vegetables .
- Water soluble in nature .

**Dosage** : 10 - 20 Kg / Acre ( Soil ) ,

2 - 2.5 Gm / Litre ( Foliar )

**FERROUS SULPHATE**

**Technical** : Iron -(19%) and Sulphur -(10.5%) ( Crystal/Granular )

**Packing** : 1 Kg , 5 kg & 10 kg

**Source** : Made in India

**USPs** :

- Boosts Greenness in plants.
- Effective against chlorosis
- Plays numerous roles enzymatic activities .

**Dosage** : 10 - 20 Kg /Acre ( Soil )

2-2.25 Gm / Litre ( Foliar )

**MANGANESE SULPHATE**

**Technical** : Manganese - (30.5%) & Sulphur-(17%) (Crystal and Granular)

**Packing** : 1 Kg ( Crystal ) & 3 kg ( Granular )

**Source** : Made in India

**USPs** :

- Improves Photosynthesis , Regulated auxin levels and Provides resistance against diseases .
- Manganese sulphate helps to dissolve on stable phosphorus in soil and improves the carbohydrate level in plants .

**Dosage** : 4 Gm / Litre ( Foliar )

3 kg / Acre ( Soil )

# MICRO NUTRIENT FERTILIZERS

शुद्धता एवं समृद्धि का प्रतीक...!

## BORON-14.5 %

**Technical** : Di -Sodium Tetraborate Pentahydrate (Crystal/Granular)

**Packing** : 1kg ( Crystal ) & 3 kg ( Granular )

**Source** : Made in India

**USPs** :

- Improves pollen viability.
- Improves nodulation in legume crops.
- Effective for improving flower & fruit retention.

**Dosage** : 3 kg / Acre ( Soil )

4 gm / Litre ( Foliar )

## MICRONUTRIENTS MIXTURE FERTILIZER

**Technical** : State - Specific Micronutrient Mixture Fertilizer  
(Crystal / Granular)

**Packing** : 1 Kg , 5 kg , 8 kg & 10 kg

**Source** : Made in India

**USPs** :

- Balanced ratio of Micronutrients .
- Easy to apply & Safe for handling, boosts plants Growth and overall yield

**Dosage** : 5 Gm / Litre ( Foliar )    5 -10 kg / Acre ( Soil )

## NPK ( 19:19:19 ) HD

**Technical** : NPK ( 19:19:19 ) High Density

**Packing** : 1 kg

**Source** : Made in India

**USPs** :

- Boost the productivity during vegetative stage.
- Provides vigour during adverse vegetative condition like water stress.
- Reduce transplanting shock.
- Being HD ( High Density ) Form its super effective from 2°C to 45 °C Temperature.
- 100 % Water Soluble in 10 sec.

**Dosage** : 2.5 Gm / Litre ( Foliar )

## NPK ( 12:61:00 ) HD

**Technical** : NPK ( 12:61:00 ) High Density

**Packing** : 1 kg

**Source** : Made in India

**USPs** :

- Highly concentrated source of phosphorus moderately low pH; free of chloride & Sodium.
- Facilitates uptake of 'P' present in soil.
- Being HD ( High Density ) Form its super effective from 2°C to 45°C Temperature.
- 100 % Water Soluble in 10 sec.

**Dosage** : 2.5 Gm / Litre ( Foliar )

## NPK ( 13:00:45 ) HD

**Technical** : NPK ( 13:00:45 ) High Density

**Packing** : 1 kg

**Source** : Made in India

**USPs** :

- Enhances fruit size, Taste & shelf – life.
- Improves total dry matter content in the fruit.
- Resistance against drought ,frost & diseases.
- Being HD ( High Density ) Form its super effective from 2°C to 45°C Temperature.
- 100 % Water Soluble in 10 sec.

**Dosage** : 2.5 Gm / Litre ( Foliar )

शुद्धता एवं समृद्धि का प्रतीक...!

## WATER SOLUBLE FERTILIZER

### NPK ( 00:00:50 ) HD

**Technical** : NPK ( 00:00:50 ) High Density

**Packing** : 1 kg

**Source** : Made in India

**USPs :**

- Improves quantity and quality of oil in oilseeds. Resistance against drought, frost & diseases. Highly suitable for chloride-sensitive Crops.
- Being HD ( High Density ) Form its super effective from 2°C to 45°C Temperature .
- 100 % Water Soluble in 10 sec .

**Dosage** : 2.5 gm / litre ( Foliar )

### NPK ( 00:52:34 ) HD

**Technical** : NPK ( 00:52:34 ) High Density

**Packing** : 1 kg

**Source** : Made in India

**USPs :**

- More fruits gain formation with quick ripening.
- Improves fruit quality and shelf life free of Cl & Na; 100 % plant nutrients.
- Being HD ( High Density ) form its super effective from 2°C to 45°C Temperature.
- 100 % Water Soluble in 10 sec.

**Dosage** : 2.5 gm / litre ( Foliar )

### CALCIUM NITRATE

**Technical** : Calcium Nitrate

**Packing** : 1 kg (Powder), 10 kg & 25 kg (Granular)

**Source** : Made in India

**USPs :**

- Improves quantity and quality of oil in oilseeds. Resistance against drought, frost & diseases. Highly suitable for chloride-sensitive Crops.
- Being HD ( High Density ) Form its super effective from 2°C to 45°C Temperature .
- 100 % Water Soluble in 10 sec .

**Dosage** : 2.5 gm / litre ( Foliar ) , 10 kg per acre ( Soil )

# ADVANCED FERTILIZERS PGRS & OTHERS

शुद्धता एवं समृद्धि का प्रतीक...!

**SAMUNDRIKA**  
Potential Plant  
Enhancer

**COMPLETE DOSE**  
An Epic Combination  
of Micro Nutrients, PGR  
Bio Insecticides and  
Fungicides

**PHINO-GOLD**  
Humic  
Acid – 98 %

**RAISER-90**  
Non-Ionic  
Adjuvant

**SAMUNDRIKA (Seaweed Fortified Granular/Liquid)**

**Technical** : Sargassum Tenerrimum 2% (Granular), Sargassum tenerrimum 10% (Liquid)

**Packing** : 10 kg , 500 ml , 1 litre & 5 litre

**Source** : Made in India.

**USPs** :

- Ultrador increase Crop yield and quality by Improving the expression of the genetic potential.
- Ultrador is an epic composition of plant growth regulator elements which gives explosive growth to plants in every stage of crop.
- Ultrador contains 4 most special enhancers, which are super effective to increase xylem and phloem circulation in plants

**Dosage** : 2 – 2.5 ml / Litre (Foliar)      10 kg / Acre ( Soil )

**COMPLETE DOSE**

**Technical** : A epic combination of micronutrients, Plant growth Regulator, Bio insecticides and fungicides.

**Packing** : 10 kg

**Source** : Made in India.

**USPs** :

- Complete dose is an all-rounder combination for crops.
- It increases yield significantly, stops flower drop and fruit drop, Improves quality of crops, enhances protein synthesis, increases tolerance against diseases and climate stresses and increase tillers in plants.

**Dosage** : 10 kg / Acre ( Soil )

**PHINO-GOLD (Humic Acid – 98 % )**

**Technical** : Potassium Humate – 98 %

**Packing** : 250 gm, 500 gm & 1 kg

**Source** : Made in India.

**USPs** :

- Humic acid increase the availability of nutrients to plant roots and improves soil structure.
- Increases water holding capacity of soil Improves drought resistance of soil.

**Dosage** : 1 -1.5 gm / Litre (Foliar)  
500gm - 1 kg / Acre ( Soil / Drip )

## ADVANCED FERTILIZERS PGRS & OTHERS

शुद्धता एवं समृद्धि का प्रतीक...!

### RAISER-90 (Crop Yield Promoter, Spreader, Activator, Wetter)

**Technical** : Highly concentrated non-Ionic adjuvant with 90% active ingredients

**Packing** : 100 ml, 250 ml, 500 ml, 1 Litre & 5 Litre

**Source** : Made in India

**USPs :**

- Raiser-90 is an excellent spreader, activator and wetter,
- Raiser-90 increase crop yield by improving pesticide coverage.
- It activates the spray fluid to moisten the plant surface and allows uniform spreading of spray deposits.
- A helpful tool in irrigation, it improves the water absorption in soil it helps and facilitates uniform mixing of powders, pesticides and most liquid fertilizers.
- It is completely non – Phytotoxic, safe and eco – friendly. use in fungicides herbicides, insecticides, foliar fertilizers plant nutrients and defoliators.

**Dosage : 0.5-1ml / litre (Foliar) 250 ml / Acre (soil / Drip )**

## MISSION-प्रगति

सोच जिसने भारत को बदला है। बदलते भारत को एक सोच की जरूरत है।  
 " सोच "

जिसने बदलते भारत की तकनीक को बदला है। बदलती तकनीक की खोज को बदलना जरूरी है  
 " सोच "

जिसने तकनीक से तकेशक्ति को बदला है। बदलती तकेशक्ति को गति की जरूरत है  
 " सोच "

जिसने गति को प्रगति में बदला है। इस संकलित सोच से हमने  
**Mission Pragati**  
 को ही अपनाया।

This is to certify that the recipient is an honorable member of Mission Pragati an initiative by Phoenix Plants Lifesaver Private Limited for strengthening Primary Agricultural Cooperative Societies (PACS) in Bihar. The year 2025, included in the International Year of Cooperatives in the United Nations with the theme "Cooperatives Build a Better World," will help the world to develop progress in inclusive growth and sustainability. In alignment with the Government of India, under the leadership of Hon'ble PM Shri Narendra Modi Ji and Union Agriculture Minister Shri Anurag Kumar Ji, has launched 40 key initiatives to accelerate PACS development nationwide. As successful PACS members, we proudly support the national movement by providing affordable, high-quality fertilizers and engineering PDSs - the backbone of rural living economies. Strengthening PACS means strengthening Bihar's agricultural and manufacturing growth's foundation. We are honored to recognize the recipient's valuable association in the journey of sustainable development.
